

Health Administration Graduate Certificate Program

Suggested Course Sequencing: Online Campus Students

Fall Term
Fall 1: PHPM 507 Health Care Economics and Policy
Fall 2: PHPM 561 Introduction to Health Care Quality and Safety
Spring Term
Spring 1: PHPM 569 Fundamentals of Health Budgeting and Financial Management
Spring 1: PHPM 562 Health Services Administration*
Spring 2: PHP 641 Health Systems Delivery*
Summer Term
Summer 2: PHPM 558 Health Care Marketing

*Take either PHP 641 or PHPM 562. PHPM 562 is offered in Spring 1 and may be taken at the same time as PHPM 569. However, because of the amount of work that would be required by taking two courses within the same 7-week term, it is not recommended.

Suggested Course Sequencing: Main Campus Students

Fall Term
PHPM 558 Health Care Marketing
PHPM 569 Fundamentals of Health Budgeting and Financial Management
PHPM 562 Health Services Administration*
Spring Term
PHPM 507 Health Care Economics and Policy
PHPM 561 Introduction to Health Care Quality and Safety
PHP 641 Health Systems Delivery*

*Choose between PHPM 562 and PHP 641. Please note, PHP 641 is in an accelerated 7-week format at the beginning of the Spring term.
